- Sandalwood

Mission & Vision

To reawaken the power of traditional magic and herbal medicine. To provide a sacred and joyful space for our clients and communities, local and worldwide, to access the healing powers of the cunning craft. We provide high quality, delicious, organically grown and sustainably harvested herbal products. We commit to bless, craft and hold all of our offerings in ceremony to support the health, wisdom and healing of our clients and planet.

To establish the techniques and magic of the Old-World cunning craft as a vital and valuable source of healing and wisdom in our modern world. We seek to reclaim the sacred art of wortcunning and to restore the healing power of the Witch; to give Her wisdom a place in our daily lives. In this we aspire to foster, among all people, a remembering of the inherent relationship between people, plants and nature.
